## **Ex. 4 - CBI**

Because of the need to track each data package/record, we will utilize individual TDF numbers for the Dimock data reviews. This is verbal technical direction to begin performing the data assessments/reviews while the paperwork is being prepared. Therefore, ESAT shall prepare a QA slip for each data package and just check for the sample numbers. Once the data has been assigned for review, at that point check for completeness as we did today.

Thanks!!!!!!
